Silver Predator Announces Director Resignation

Toronto, Ontario, August 5th, 2015: Silver Predator Corp. (TSX.V:SPD) (the “Company” or “Silver Predator”) announced that effective August 3rd, 2015, Mr. Blair Shiletto has resigned from the Board of Directors for family reasons. The Company thanks him for his service and wishes him well in future endeavors.

Silver Predator Corp.

Silver Predator owns the Springer Tungsten Mine and Mill Complex in which hosts a PEA with current resources of 355,000 Indicated tons at an average grade of 0.537% containing 190,635 STU's of WO₃ and 1,933,600 Inferred tons at an average grade of 0.493% containing 952,326 STU's of WO₃ indicates an IRR of 47% after tax with an estimated capex of 29.8 million dollars ⁽¹⁾. The Springer facility was originally constructed and operated by General Electric Corp. in the late 1970's and early 1980's when the project was put on care and maintenance due to low tungsten prices. The mill was modernized by Golden Predator Corp. in 2007-2008.

The Company also holds the Taylor silver-gold project in Nevada. The Taylor project hosts a current resource estimate ⁽²⁾, is open to expansion, and is located in a district that has identified the potential for discovery of additional silver and gold deposits.

Mr. Mark C. Shutty, CPG, a Qualified Person as defined by National Instrument 43-101 and a consultant for the Company, has reviewed, verified and approved disclosure of the technical information contained in this news release.

William M. Sheriff

1) National Instrument 43-101 Technical Report; Preliminary Economic Assessment of the Springer Tungsten Mine Pershing County, Nevada, by Associated Geosciences Ltd. dated December 31, 2013 (and effective August 20, 2012) filed on SEDAR. The preliminary economic assessment is preliminary in nature, it includes inferred mineral resources that are considered too speculative geologically to have the economic considerations applied to them that would enable them to be categorized as mineral reserves, and there is no certainty that the preliminary economic assessment will be realized;

2) National Instrument 43-101 Technical Report; NI 43-101 of the Taylor Silver Project, White Pine County, Nevada, USA by Thomas H. Chadwick, Dean D. Turner, and Patrick J. Hollenbeck dated March 18, 2013 filed on SEDAR.

3) Silver Predator News Release dated June 17, 2014.
