Silver Predator Amends Terms of US\$275,000 Loan

Toronto, Ontario, January 4th, 2016: Silver Predator Corp. (TSX.V:SPD) (the “Company” or “Silver Predator”) announces that it has amended the terms of the US\$275,000 loan from Resource Re Ltd. received on August 31, 2015¹, to fund its working capital requirements.

Subject to TSX.V approval, the amended terms are an increase in the loan amount of US\$125,000 for a total of US\$400,000 and an extension of due date to April 30, 2016. The loan is secured by the assets of the Company and the interest rate was increased from 12% to 14% per annum. The Company may prepay the principal, in whole or in part, at any time without penalty prior to maturity.

Resource Re Ltd., a wholly owned subsidiary of Till Capital Ltd. (TSXV:TIL), owns 71.65% of the Company’s outstanding common shares. The loan is a related party transaction within the meaning of Multilateral Instrument 61-101 *Protection of Minority Security Holders in Special Transactions* (“MI 61-101”). The Company is relying on the exemption from the formal valuation requirement in section 5.5(b) of MI 61-101 (as a result of its shares being listed on the TSX Venture Exchange) and the exemption from the minority approval requirement in section 5.7(a) of MI 61-101 (as a result of the transaction value being less than 25% of the Company’s market capitalization).

Silver Predator Corp.

Silver Predator owns the Springer Tungsten Mine and Mill Complex where the current PEA states a mineral resource estimate of 355,000 Indicated tons at an average grade of 0.537% containing 190,635 STU's of WO₃ and 1,933,600 Inferred tons at an average grade of 0.493% containing 952,326 STU's of WO₃ with an IRR of 47% after tax and an estimated capex of 29.8 million dollars⁽²⁾. The Springer facility was originally constructed and operated by General Electric Corp. in the late 1970s and was operational for a few months in the early 1980s when the project was put on care and maintenance due to low tungsten prices. The mill was modernized by Golden Predator Corp. in 2007-2008.

The Company also holds the Taylor silver-gold project in Nevada. The Taylor project hosts a current resource estimate⁽³⁾, is open to expansion, and is located in a district that has identified the potential for discovery of additional silver and gold deposits.

Mr. Michael Maslowski, CPG, a Qualified Person as defined by National Instrument 43-101 and a consultant for the Company, has reviewed, verified and approved disclosure of the technical information contained in this news release.
