### **Silver Predator Corp.**

Silver Predator is a mining exploration company, with properties in the western US. In addition to the Taylor Silver Project, which is under option to Montego Resources, Inc., the Company holds the Copper King project, located in the eastern portion of the famous Coeur d’ Alene Silver District near Mullan, Idaho. The Copper King exploration target combines high grade copper-silver (lead-zinc) vein style mineralization with bedded bulk tonnage style copper-silver (lead-zinc) mineralization, as typically found both locally and to the northwest in Montana at Hecla’s Spar Lake (Troy), Montanore, and Rock Peak deposits. Similar vein targets are being mined 3 miles south of Copper King at Hecla’s Lucky Friday underground silver mine complex.
