## Silver Predator Corp.

### Notes to the Interim Condensed Consolidated Financial Statements For the three and six months ended June 30, 2021 and 2020

---

#### 1. NATURE OF OPERATIONS AND GOING CONCERN

SPD was incorporated under the laws of the Province of British Columbia on May 16, 2006. SPD owns the Copper King copper-silver project ("Copper King") in the Coeur d'Alene Silver District of northern Idaho, U.S., the Taylor silver-gold project ("Taylor") in Nevada, U.S., and other early stage exploration properties in the U.S. As of June 30, 2021, SPD is 62.05% owned by Till Capital Corporation ("Till Capital"). SPD's head office is located at 13403 N. Government Way, Suite 212, Hayden, ID 83835, U.S.

These unaudited interim condensed consolidated financial statements have been prepared assuming SPD will continue on a going concern basis, which assumes that SPD will be able to continue in operation for at least the next twelve months and will be able to realize its assets and discharge its liabilities and commitments in the normal course of operations. For the three and six months ended June 30, 2021, SPD reported a net loss of \$71,971 and \$140,818, respectively, and cash used in operating activities of \$123,955. As of June 30, 2021, SPD had a negative working capital balance of \$198,182 and an accumulated deficit of \$37,054,822. SPD has no source of operating cash flows and as such SPD's ability to continue as a going concern is contingent on its ability to monetize assets or obtain additional financing. There can be no assurance that SPD will be successful in those endeavors.

The ability of SPD to monetize assets or obtain additional financing is materially uncertain, casting significant doubt upon SPD's ability to continue as a going concern. These unaudited interim condensed consolidated financial statements do not reflect adjustments to the carrying values of assets and liabilities, the reported expenses, and the balance sheet classifications used that would be necessary if SPD were unable to realize its assets and settle its liabilities as a going concern in the normal course of operations. Such adjustments could be material.

In December 2019, a novel strain of the coronavirus (COVID-19) emerged, the virus has spread to Canada and the U.S. The impact of COVID-19 on SPD has not been material. However, the extent to which the coronavirus will impact SPD's business in the future, including its operations and the market for its securities, will depend on future developments, which are highly uncertain and cannot be predicted at this time. In particular, the continued spread of the coronavirus could materially and adversely impact SPD's operations and business, including without limitation, employee health and productivity, restrictions or delays to its planned exploration activities, ability to raise financing, and other factors, including those related to market demand for precious and/or base metals, which are beyond SPD's control. Those factors may have a material and adverse effect on SPD's business, financial condition, and results of operations.

#### 2. BASIS OF PRESENTATION AND MEASUREMENT

These unaudited interim condensed consolidated financial statements have been prepared in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board ("IFRS") and interpretations of the IFRS Interpretations Committee applicable to the preparation of interim financial statements, including International Accounting Standard ("IAS") 34, *Interim Financial Reporting*. These unaudited interim condensed consolidated financial statements should be read in conjunction with the annual audited consolidated financial statements for the year ended December 31, 2020, which were prepared in accordance with IFRS.

These unaudited interim condensed consolidated financial statements have been prepared on a historical cost basis except for certain financial instruments and stock-based awards, which have been measured at fair value. SPD's presentation currency is Canadian dollars. Reference herein to \$ is to Canadian dollars. Reference herein to US\$ is to United States dollars.

These unaudited interim condensed consolidated financial statements were approved by the Audit Committee for issuance on July 30, 2021.

##### **Basis of consolidation**

These unaudited interim condensed consolidated financial statements include the accounts of SPD and its subsidiary.

Subsidiary is entity that SPD controls, either directly or indirectly. Control is defined as the exposure, or rights, to variable returns from involvement with an investee and the ability to affect those returns through power over the investee. Control over an investee exists when SPD has existing rights that give it the ability to direct the activities that significantly affect the investee's returns. That control is generally evidenced through owning more than 50% of the voting rights or currently exercisable potential voting rights of a company's share capital. All intra-group balances and transactions, including unrealized profits and losses arising from intra-group transactions, have been eliminated.

Name of Subsidiary	Place of Incorporation	Proportion of Ownership Interest	Principal Activity
Silver Predator US Holding Corp. ("SPUS")	Nevada, USA	100%	U.S. Holding Company

These unaudited interim condensed consolidated financial statements follow the same significant accounting policies set forth in Note 3 of the annual audited consolidated financial statements for the year ended December 31, 2020.
